

JPS WHATSAPP GROUP GUIDELINES

المدرسة الجميرا الابتدائية
GEMS JUMEIRAH PRIMARY SCHOOL

1. Parent WhatsApp groups are an information tool to share useful communication about school.

2. Always ensure UAE and JPS COVID regulations are being respected and adhered to.

3. Please avoid personal opinions and personal beliefs.

5. Stay factual with whole class/school-relevant information; do not discuss a specific child.

5. If you have a concern, make an appointment with the appropriate staff who will be happy to respond to your child's needs.

6. Be conscious of the amount and frequency of messages being sent.

7. Evaluate usefulness: is it true, helpful, necessary, kind?

8. Do not discuss or spread rumours about other children, teachers or parents.

9. Only write what you feel comfortable telling someone respectfully face to face.

10. Be a role model in your usage of social media to your child. They learn more from watching us than from listening to us!

11. Support each other and the school community in making sure these guidelines are respected for the wellbeing of all.

12. JPS strongly recommends against pupil social media and pupil WhatsApp groups.
