

GEMS JUMIRAH PRIMARY SCHOOL

JPS WHATSAPP GROUP GUIDELINES

Parent WhatsApp groups are a tool to share useful communication about school

Stay factual with whole class/school information

Always ensure UAE and JPS COVID-19 regulations are respected and adhered to

Do not discuss or spread rumours about children, teachers or parents. NEVER discuss a specific child

Evaluate usefulness: is it true, helpful, necessary, kind?

If you have a concern, make an appointment with the appropriate staff who will be happy to respond to your child's needs

Be conscious of the amount and frequency of messages being sent

Avoid sharing personal views and beliefs

Only write what you would feel comfortable telling someone respectfully face-to-face

Be a role model in your usage of social media—children learn more from watching us than they do from listening to us!

JPS strongly recommends against pupil social media and WhatsApp groups.

Support each other and the school community in making sure these guidelines are respected for the wellbeing of all

If you share devices or Apple accounts as a family, be aware of what your child may have access to
